## ABSTRACT

Today, education is not just confined to books. It goes much beyond that. In today's world, what is most important is a child's holistic development. This is why parents focus on extracurricular activities and value education along with academics. It feels like moral values are almost disappearing in today's generation. To resolve this, value education is the best solution. Through Val-ed, as it is commonly known, we can develop the children into people with a strong character. Such children know how to utilize their knowledge for the advantage of mankind. Education is a strong weapon that can change the world. Here, education refers to both academic as well as moral value education. As much as academic education is important, value education is important too. It has the power to change the world. We have discussed the importance of value education in this article.

**Keywords:** Value Education, Life, School

## Introduction

Education is a lifelong process and one's personality development starts from school. Schools build the base for a student's future. This is why it is said that schools play a significant role in providing value education or moral education. All schools and even a few colleges have separate classes for value education. Val-ed aims at training the children to face the outer world with the right values and attitude. This is a process of the overall personality development of a student. Character development, personality development, citizenship development, and spiritual development form part of value education. Some people think values are an inborn character of a child and can never be developed. But, this is not true. A good school and value education sessions can change the character of a person drastically.

Once you understand the importance of value education in schools or life in general, you will understand **calculators for schools** and how vast and important this is. Before we move on to understand the importance of value education, let us first understand what value education is. Value education means to teach universal values like moral values, honesty, patience, etc to students. The sole purpose of this is the development of the personality of a student. This helps students in all dimensions so that they can serve their country more democratic, cohesive, socially, and responsibly. To put it together, value education means

- The full development of children's personality in its physical, mental, emotional, and spiritual aspects.
- Development of good manners and responsibility towards citizenship.
- The way of thinking and living should be developing at the democratic level.

- Developing patience, honesty, moral values, etc.

### **Importance of Value Education**

Value education is very important to shape a child to become successful in the future. The attitude, behavior, and overall perception of the child change, and for the good. There are many advantages to value education. We have mentioned the importance of value education in the points below

- The students become more responsible for their behavior with teachers and fellow students.
- The students become regular with their home works and class works.
- They learn to cooperate with the teachers and fellow students in every situation.
- They learn to handle every situation in class with maturity.
- The students become attentive in class.
- It helps students to make their own decision without any hesitation.
- It develops a positive mind and a good attitude.
- Value education creates a strong relationship between students and teachers.

### **Importance of Value Education in Schools**

At the school level, a student can understand and learn various life lessons. Value education teaches them and moulds them into such people who can ideally be role models when they are old enough. Some of the major advantages of value education in schools are

- **Character development:** Value education helps the students to develop their character. This improves the inner personality of a student. Mental strength also improves by this.
