

# Innovative Strategies for Implementation and Use of Embedded Library Services at Central Libraries of IITs in India

**Dr Anil Changdeo Bansode**

Associate Professor, Department of Library and Information Science, Arts, Science and Commerce College, Bhigwan, Pune

## **ABSTRACT**

To promote literacy, communication, and good participation in the 21st century, especially in research centres all over the world, “Indian Institutes of Technology” (IIT’s in India) have created collaborative opportunities for researchers using e-skills, internet and social media, embedded library information services. “In other words, technology is not enough to bridge this gap, but instead, collaborative human partnerships are needed to harness the participatory power of this technology and provide context and learning spaces for people to enhance their digital and information literacy skill.

Embedded librarianship playing vital role. Embedded librarianship entered into libraries, especially academic and research libraries. Libraries employed Embedded librarianship to speed up their daily actions and reduce their functioning costs. In digital era, bulk of reading material is available in the electronic form which can be accessed through internet as well as intranet. The libraries of Indian Institute of India’s are utilising Embedded librarianship for the modernisation of housekeeping operations as well as library resources and services. Advancement in the Embedded librarianship has changed the scenario of the libraries in the digital and research environment. The library professional embedded with research teams; they should provide Embedded library and information services for their users.

**Keywords:** EL Services, Embedded Library and Information Services, Virtual Classroom, Informationist, Embedded Librarianship, Embedded Librarian, IIT.

## **1. Introduction:**

The present study was conducted on sixteen librarians and four hundred fourteen users (Faculty and Scientists) of the “Indian Institutes of Technology”. A random selection of 16 IITs - professors and researchers; A random approach was used to obtain a representative population of embedded librarian service users. Sixteen filled questionnaires were received from librarians of IITs.

### **1.1 Methodology**

The present study focuses on Embedded Librarianship in IITs India. The survey research method has been adopted for the collection of data. Questionnaires were used as a tool for data collection.

### **1.2 Statistical Tools and Techniques**

“The present study is designed to assess the Embedded Librarianship in the Central Libraries of IITs; and to plot future direction for implementation “embedded Library and Information services” provided to Faculty and Scientists at IITs. To meet the specific objective and quantitative and qualitative research

methodologies along with a comprehensive literature has been employed.” (khan, 2012)<sup>1</sup> The citation and references have been presented in accordance with the American Psychological Association (APA) style, 7th edition.

### 1.3 Objective of The Study:

The objectives of this research study are:

“To trace the genesis and growth in implementation and use of the embedded Library and Information services.”

## 2. Mode of Access of E-Resources

Table 1. Shows that, Mode of Access of “Embedded Library and Information Services” in Embedded Users (Faculty & Scientists) of central libraries of IITs, where in old IITs, highest 204 (75.83%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Department’; 194 (72.19%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Central Library’; 154 (57.25%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Personal Computer’; 147 (54.64%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Mobile/Smart Phone’; 73 (27.13%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Computer Centre’; 57 (21.19%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘What’s app / What’s app group’.

In new IIT’s, highest 122 (84.13%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Central Library’; 97 (66.89%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Department’; 52 (35.86%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Personal Computer’; 43 (29.65%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Mobile/Smart Phone’; 20 (13.79%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Computer Centre’; and 6 (4.13%) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘what’s app /What’s app group’.

It is concluded that:

1. 76.33% (316) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Central Library’ out of total 414 Embedded Users.
2. 72.71% (301) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Department’ out of total 414 Embedded Users.
3. 49.76% (206) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Personal Computer’ out of total 414 Embedded Users.
4. 45.89% (190) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘Mobile’ out of total 414 Embedded Users.
5. 15.22% (63) Embedded Users (Faculty & Scientists) access Embedded Library and Information Services at ‘What’s app / What’s app group’ out of total 414 Embedded users.

## 3. Infrastructure Facilities for EL Services

Table 2. Exhibits that, availability of Infrastructure Facilities for Embedded Library and Information Services for Embedded Users (Faculty & Scientists) of central libraries of IITs, where in old IITs, highest 268 (99.63%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail ‘Computers

(Computer Labs)' Infrastructure Facilities available for Embedded Library and Information Services; 243 (90.33%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Systems with Internet facilities' Infrastructure Facilities available for Embedded Library and Information Services; 240 (89.22%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Printers' Infrastructure Facilities available for Embedded Library and Information Services; and 227 (84.38%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'U.P.S. (Back up facility)' Infrastructure Facilities available for Embedded Library and Information Services.

In new IITs, 268 (99.31%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Computers (Computer Labs)' Infrastructure Facilities available for Embedded Library and Information Services; 123 (84.83%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Printers' Infrastructure Facilities available for Embedded Library and Information Services; 114 (78.62%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Systems with Internet facilities' Infrastructure Facilities available for Embedded Library and Information Services; and 88 (60.69%) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'U.P.S. (Back up facility)' Infrastructure Facilities available for Embedded Library and Information Services.

It is observed that:

1. 99.52% (412) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Computers (Computer Labs)' Infrastructure Facilities available for Embedded Library and Information Services out of total 414 Embedded users.
2. 87.68% (363) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Printers' Infrastructure Facilities available for Embedded Library and Information Services out of total 414 Embedded users.
3. 86.23% (357) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'Systems with Internet facilities' Infrastructure Facilities available for Embedded Library and Information Services out of total 414 Embedded users. And
4. 76.9% (315) Embedded Users (Faculty & Scientists) of central libraries of IITs avail 'U.P.S. (Back up facility)' Infrastructure Facilities available for Embedded Library and Information Services out of total 414 Embedded users.

#### 4. Purpose of Embedded Library Services

Figure: 1. and Table 3. shows that, Purpose of Embedded Library and Information Services for Embedded Users (Faculty & Scientists) of central libraries of IITs, where in old IITs, highest 227 (84.39%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Research work' is purpose of use of Embedded Library and Information Services; 211 (78.44%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Research Project' is purpose of use of Embedded Library and Information Services; 150 (55.76%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'To update knowledge' is purpose of use of Embedded Library and Information Services; 124 (46.10%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Writing Research Paper' is purpose of use of Embedded Library and Information Services; 88 (32.71%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'For teaching' is purpose of use of Embedded Library and Information Services; 71 (26.39%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Preparing for Tests and Assignments' is purpose of use of Embedded Library and Information Services; and 41 (15.24%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'M. Phil, PhD Research work' is purpose of use of Embedded

Library and Information Services.

In New IITs, highest 104 (71.72%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Research work' is purpose of use of Embedded Library and Information Services; 78 (53.79%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Research Project' is purpose of use of Embedded Library and Information Services; 64 (44.14%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'To update knowledge' is purpose of use of Embedded Library and Information Services; 58 (40.00%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'For teaching' and 'Writing Research Paper' are purpose of use of Embedded Library and Information Services; 13 (8.97%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Preparing for Tests and Assignments' is purpose of use of Embedded Library and Information Services; and 11 (7.59%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'M. Phil, PhD Research work' is purpose of use of Embedded Library and Information Services.

It is concluded that:

1. 79.95% (331) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Research work' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
2. 20.29% (84) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Preparing for Tests and Assignments' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
3. 69.81% (289) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'For Research project' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
4. 35.27% (146) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'For teaching' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
5. 43.96% (182) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Writing Research Paper' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
6. 51.69% (214) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'To update knowledge' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.
7. 12.56% (52) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'M. Phil, PhD Research work' is purpose of use of Embedded Library and Information Services out of total 414 Embedded users.

## 5. Delivered Embedded Library Services

Figure: 2. and Table No. 4. shows that, who are delivered Embedded Library Services at central libraries of IITs in India. Where in the old IITs, highest 226 (84.01%) Embedded Users (Faculty & Scientists) of central libraries of old IITs 'Librarian-Library and Information Science Qualified Staff' are delivered Embedded Library Services; 183 (68.03%) Embedded Users (Faculty & Scientists) of central libraries of old IITs 'Library Support Staff' are delivered Embedded Library Services; 31 (11.52%) Embedded Users (Faculty & Scientists) of central libraries of old IITs 'Webmaster' are delivered Embedded Library Services; 13 (4.83%) Embedded Users (Faculty & Scientists) of central libraries of old IITs 'Vendor' are delivered Embedded Library Services; 10 (3.72%) Embedded Users (Faculty & Scientists) of central libraries of old IITs 'Faculty/Scientists' are delivered Embedded Library Services; and 6

(2.23%) Embedded Users (Faculty & Scientists) of central libraries of old IITs ‘Self-Employment’ are delivered Embedded Library Services.

In new IITs, highest 125 (86.21%) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Librarian-Library and Information Science Qualified Staff’ are delivered Embedded Library Services; 73 (50.34%) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Library Support Staff’ are delivered Embedded Library Services; 2 (1.38%) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Webmaster’ are delivered Embedded Library Services; and 1 (0.69%) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Faculty/Scientists’, ‘Vendor’ and ‘Self-Employment’ are delivered Embedded Library Services.

Thus, such a conclusion is:

1. 84.78% (351) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Librarian-Library and Information Science Qualified Staff’ are delivered Embedded Library Services out of 414 total Embedded Users.
2. 61.84% (256) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Library Support Staff’ are delivered Embedded Library Services out of 414 total Embedded Users.
3. 7.97% (33) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Webmaster’ are delivered Embedded Library Services out of 414 total Embedded Users.
4. 3.38% (14) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Vendor’ are delivered Embedded Library Services out of 414 total Embedded Users.
5. 2.66% (11) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Faculty/Scientists’ are delivered Embedded Library Services out of 414 total Embedded Users.
6. 1.69% (7) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Self-Employment’ are delivered Embedded Library Services out of 414 total Embedded Users.

## 6. Training for use of Embedded Library Services

Figure: 3. and Table 5. shows that, Training for use of Embedded Library and Information Services for Embedded Users (Faculty & Scientists) of central libraries of IITs where in old IITs, 128 (47.58%) Embedded Users (Faculty & Scientists) of central libraries of IITs, ‘Training required’ for use EL Services.

In new IITs, 107 (73.80%) Embedded Users (Faculty & Scientists) of central libraries of IITs, ‘Training required’ for use EL Services.

It is observed that:

1. 56.76% (235) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Training required’ for use of Embedded Library Services, out of 414 total Embedded Users.
2. 43.24% (179) Embedded Users (Faculty & Scientists) of central libraries of IITs ‘Training Not required’ for use of Embedded Library Services, out of 414 total Embedded Users.

## 7. Types of Training for use of Embedded Library Services

Table 6. exhibit that, Types of Training for use of Embedded Library and Information Services for Embedded Users (Faculty & Scientists) of central libraries of IITs where in old IITs, highest 75 (27.88%) Embedded Users (Faculty & Scientists) of central libraries of IITs, ‘Personal’ type of training required for use EL Services; 27 (10.04%) Embedded Users (Faculty & Scientists) of central libraries of IITs, ‘Seminar’ type of training required for use EL Services; 23 (8.55%) Embedded Users (Faculty &

Scientists) of central libraries of IITs, 'Model/Self-help lessons' type of training required for use EL Services; and 17 (6.32%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Classroom sessions' type of training required for use EL Services.

In new IITs, highest 66 (45.52%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Personal' type of training required for use EL Services; 20 (13.79%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Classroom sessions' type of training required for use EL Services; 19 (13.10%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Seminar' type of training required for use EL Services; and 12 (8.28%) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Model/Self-help lessons' type of training required for use EL Services.

It is concluded that:

1. 34.06% (141) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Personal' type of training required for use EL Services, out of 414 total Embedded Users.
2. 11.11% (46) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Seminar' type of training required for use EL Services, out of 414 total Embedded Users.
3. 8.94% (37) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Classroom sessions' type of training required for use EL Services, out of 414 total Embedded Users.
4. 8.45% (35) Embedded Users (Faculty & Scientists) of central libraries of IITs, 'Model/Self-help lessons' type of training required for use EL Services, out of 414 total Embedded Users.

## 8. EL Service Relationship Get starts

Figure: 4. and Table 7. Shows that, "Embedded Library and Information Service" relationship starts at central libraries of IITs where in old IITs, highest 183 (68.03%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'Chief Librarian initiated EL service relationship at central libraries of IITs; 70 (26.02%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'External circumstances forced to initiated EL service relationship; and 16 (5.95%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'Users or Group of Research Team' initiated EL service relationship' at central libraries of IITs.

In new IITs, 111 (76.55%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'Chief Librarian initiated EL service relationship at central libraries of IITs; 28 (19.31%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'External circumstances forced to initiated EL service relationship; and 6 (4.14%) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'Users or Group of Research Team' initiated EL service relationship' at central libraries of IITs.

It is observed that:

1. 71.02% (294) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'Chief Librarian initiated EL service relationship at central libraries of IITs; out of 414 Embedded Users (Faculty & Scientists).
2. 23.67% (98) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information Service" relationship starts by 'External circumstances forced to initiated EL service relationship; out of 414 Embedded Users (Faculty & Scientists).
3. 5.31% (22) Embedded Users (Faculty & Scientists) responded, "Embedded Library and Information

Service” relationship starts by ‘Users or Group of Research Team’ initiated EL service relationship ’ at central libraries of IITs; out of 414 Embedded Users (Faculty & Scientists).

## 9. Conclusion:

Embedded Library staff Developing, building, and maintaining relationships, which is a direct path to a true partnership; service delivery where users’ needs are met in a timely and consistent individualized manner; maintaining presence among professors, scientists and research students and attending working groups of these users; An embedded librarian is responsible for providing embedded library services by going to the locations where they are working; and becoming acquainted with the discipline in which you are embedded.

The growth in implementation of “embedded Library and Information services” by Library and Information professionals in IIT’s in India is satisfactory.
